PROFESSIONAL SUMMARY

A passionate and dedicated Developer skilled in backend and problem-solving. Eager to apply my technical expertise to build innovative solutions and contribute.

EDUCATION

Bachelor of Technology (Computer Science)	2024 - 2028
Rishihood University, Newton School of Technology	Grade: 6.4/10.0
Intermediate (Class XII)	2023 - 2024
Shivaji Junior College	Grade: 60.0%
Matriculation (Class X)	2021 - 2022
Indian Model School	Grade: 72.2%

PROJECTS

HireHub (Github) (Demo)	November 2025
Tech Stack: JavaScript, React, Express, Node.js, Prisma, PostgreSQL	
Description: Developed a full-stack job portal application enabling job seekers and employers to create accounts, post jobs, and manage applications through a responsive React interface.	
Implemented secure authentication, role-based access control, and protected routes to differentiate employer and candidate workflows.	
Designed scalable backend APIs using Node.js and Express, integrated Prisma ORM with PostgreSQL for efficient data modeling, querying, and relational integrity.	

SKILLS

Computer Languages: TypeScript, SQL, Python, JavaScript
Software Packages: Express JS, Tailwind CSS, Prisma ORM, Node.js, React
Additional Courses: Data Structure
